DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on July 26, 2004. In the amendment
5 claims 1, 7, and 12 were amended. Currently claims 1-17 remain for examination.

Allowable Subject Matter

2. Claims 1-17 are allowed.

3. The following is the Examiner's statement of reasons for allowance: the claims are
10 directed a checkout device comprising a scale assembly, a barcode scanner and a security label
deactivation device. As discussed in previous Office Actions, checkout device combining scale
and a barcode scanner is generally known in the art. It is the Examiner's opinion that
incorporating a security deactivation system to such scanners is a modification one ordinary skill
in the art can envision. Currently cited US Patent 6,595,421 to Detwiler discloses such
15 combined checkout device. However, cited references, taken alone or in combinations, fail to
suggest or teach a particular checkout device configuration wherein the security deactivation
system is integrated within the scale assembly along with barcode scanner as set forth in the
claims.

Any comments considered necessary by applicant must be submitted no later than the
20 payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for
Allowance."
